Elizabeth Bay Marina, 1 Ithaca Road Elizabeth Bay, New South Wales 2011

Description

THIS VESSEL IS LOCATED IN SYDNEY NSW

This is a highly specced demonstration model Sacs Strider 10 with twin Mercury Verado 350hp.

The Strider 10 is designed with ample space on deck so you can make the most of your time onboard. There are a generously-sized table and wet bar behind the center console, plus a convenient WC and dressing room hidden in the center console. Impeccably crafted for comfort.

The layout features a forward sun pad with storage and anchor locker under. The anchoring system is all recessed into the hull, so there is no obtrusive warp coming over the Hypalon tubes. Anchor launching and retrieval are all done from the helm. A foredeck pad with twin cleats is incorporated in the bow section of the tubes, ideal when you tie up behind your motor yacht. Stunning Italian design and quality on this performance boat, incredible size, and comfortable ride make this a great day boat.

Length O. A: 9.90m
