Description

Australian designed and built late model Brady Power cat.

The Brady 17.5 Passagemaker is luxurious, ergonomic and simplistic, REHAB'S wide open decks entertaining area living areas will impress and make your time at sea comfortable and enjoyable.

The vessels proven extended Cruising capabilities are testimate to both the builder and the current owner, who has explored the Australian coast line from Brisbane to Fremantle and numerous trips to the Abrolhos and Kimberly's.

The philosophy behind the Brady designed and built Pilothouse 17.4 Power catamaran was thatt the systems had to be robust and easy to maintain without getting unnecessarily complicated and with a backup if possible. This is a boat that is intended to go to sea and stay there for long periods of time, so the systems had to reflect this.

A number of different engine options where considered, but Peter Bardy decided to stay with Twin Mechanically injected 440hp Yanmar 6LY3-STP's that have been used in his previous custom build's.

Stand Out Features

- Twin Mechanically injected 440hp Yanmar 6LY3-STP's
- 3000 Nautical Mile range at 8 Knots
- Large rear deck for entertaining 10+ guests
- Stella 210 lphr water maker
- 5 Cabin layout
- ADC 400kg Davitt crane on Fly bridge
- Extra large Refrigeration
- Able to sit on the sand

The boat has an extensive specifications sheet, Please call Jules 0452 554 191 so I can forward on to you.
