## Description

Introducing "DOUBLE BLACK", now proudly for sale with Ray White Marine and available for immediate inspections.

The Black Watch 34 is a true hero of the boating world having evolved directly from the heady days of the American Offshore racing scene the 1950s and '60s with hulls designed by the famous Raymond C Hunt and his associates including Dick Bertram. Their creations formed the foundation by which all seafaring hulls are now judged, and many believe never bettered.

The 34 flybridge is a terrific sea boat with a huge open cockpit and powered by the upgraded, very reliable, and efficient Iveco NEF 370 shaft drive diesels. Up front, there is a forward double berth to accommodate two and a convertible double bed on the starboard side. For comfortable cruising, she has all of the creature comforts including a shower in the enclosed head, a kitchen including a microwave, fridge-freezer, stainless steel sink, twin gas burner stove and a convertible dinette in an open-plan style layout. Whilst this is a true fishing boat with a simple layout and internal features, it still offers warm and inviting accommodation with a secure fully lockable cabin.

Powered by a pair of bulletproof Iveco NEF 370s producing plenty of torque and pushing "DOUBLE BLACK" to a whopping top speed of 35 knots. With 950 liters of fuel this Black Watch will have plenty of range for days and days of offshore fishing.

This vessel is available for immediate inspections in Main Beach QLD so contact Jackson on 0420 322 262 to book your inspection.
