Description

Fantastic opportunity to purchase this Sunseeker "Manhattan 66" (LOA 73 foot) motor yacht in excellent condition and has been captain maintained. She is sold with a very comprehensive inventory.

Doubtless the most highly specified 2007 Manhattan in Australia.

Slipped in March 2015 with new anti-fowling and prop speed applied.

The Sunseeker Manhattan is one of Sunseeker International's flagship flybridge yachts to date. This very popular model offers versatility in that it provides for significant amounts of "boat space" due to the clever design of the layout and interior and maintains good performance and cruising speeds underway.

A highly appreciated feature is the galley located in saloon providing for al fresco dining on the aft deck and very sociable. The galley boasts granite tops and cedar hard wood floors and high quality finishes. A large saloon offers seating for 6 in great comfort. All the bedrooms are fitted to a high standard and offer ample storage space. Vessel interior has cedar wood finishes. The fully enclosed flybridge area provides for an additional dining with built in barbeque, fridge, ice maker, freezer and basin with hot and cold water. All in all the Manhattan makes for a great cruising boat.
