## Description

AVAILABLE FOR THE 2023 MEDITERRANEAN SUMMER SEASON - NEW 2023 FERRETTI YACHTS 920

After highly specifying this Ferretti Yachts 920 flybridge yacht, the owner has moved to a larger model, and she is subsequently offered for sale. The yacht is currently in the final build stages and due for completion end July 2023, enabling enjoyment aboard in the Med this summer season.

Complete with full 2 year new boat manufacturer's warranty, this superb yacht offers an unrepeatable opportunity to collapse waiting times with next delivery not until late 2024, and benefit from substantial savings over a replacement cost with similar options, of EUR8m +.

This highly specified vessel with 5 cabin layout and main deck master suite, has every conceivable accessory and option, including upgraded MTU 1948hp engines, twin stabilizing systems, Gyro and Fins, XENTA joystick for ease of maneuverability, stern hydraulic thruster, tropical air-conditioning also on the flybridge with full clears enclosure. Underwater lights provide an aesthetic and functional feature, along with bow lights for enhanced visibility, and courtesy dimmers throughout the interior, creating a welcoming and customizable ambience. A wine cooler adds to the generous galley refrigeration/freezer units installed under counter, allowing a large electric up/down opening to the salon.

To provide comfortable seating and dining options, a canopy with carbon poles has been added to the bow dinette, and the full teak flybridge, side decks and platform not only enhance the vessel's appearance but also offer functionality and resistance to the elements. For convenience, an icemaker with an internal water reservoir is also installed on the flybridge.

The cook top has been upgraded to a 5-ring induction type, along with the oven to a larger 90 cm model, providing increased cooking capacity, and the generator has also been upgraded, including an additional unit with a 27 Kw capacity, ensuring ample power supply to accommodate all facilities including the tropical air conditioning system and separate washer/dryer.

Entertainment options are also upgraded, with premium AV, along with 75" TV installed in the salon, 48" TV in the VIP cabin, and 28" TVs in both the starboard and port guest cabins. The navigation system has been upgraded to a SIMRAD Touch system, offering advanced functionality along with an AIS transponder (Simrad NAIS500) added for improved vessel tracking and safety, along with the 2 x 105kg anchors and 125m chain upgrades.

Please refer to the Details, Features and Brochure tabs for the full complement of accessories and options of this highly specified luxury yacht, and feel free to call for further information.

\*Sistership Images attached - Vessel will be complete end of July\*
