Description

The 40M Sunreef Explorer is a versatile multihull craft dedicated to discovering new horizons. Her propulsion options allow for transoceanic range and solid performance in rough seas. Blending elegance and modern technology, the 40M Sunreef Explorer can be heavily customized to match ambitious navigation plans. The extended aft deck houses a launching crane, a 7m tender, two jet skis and storage for a variety of water toys. With the hydraulic aft platform lowered, guests can enjoy a full-beam private beach.

The superyacht's 13,34m beam provides for immense living areas totaling 654m² with accommodation spread across three decks. Custom features available for this concept include a playroom with a self-leveling pool table, a steam room or a master suite with a private fold-out balcony. Alfresco relaxation areas include a large sun lounge with a spa pool surrounded by oversized sunpads and a bar as well as a vast bow terrace.
