Description

The 70 Sunreef Power Eco is a seaworthy, dynamic and elegant luxury motoryacht, blending reliable performance and sustainable hi-tech. This fully-customizable craft provides for a responsible cruising experience and offers generous volumes along with a fully-customized decor. The yacht's panoramic glazing and skylight invite the sunlight inside the large main deck saloon of the 70 Sunreef Power Eco. The interior merges seamlessly with the full-beam aft cockpit offering a vast semi-open lounging space. The yacht's exterior relaxation areas boast a large bow terrace with freestanding furniture.

The aft cockpit features an innovative garage and hydraulic platform to easily store and launch the jet ski, tender and watertoys. The catamaran's flybridge provides infinite possibilities for customization and offers an unmatched level of comfort on board. The eco-responsible yacht uses the latest industry innovations, including Sunreef Yachts' proprietary [solar power system](#) covering a total area of 104,4m² and maximizing solar energy generation to up to 22,5kWp. With electric engines powered from the dedicated battery bank, the 70 Sunreef Power Eco achieves outstanding energy efficiency. A fully customizable electric craft, the 70 Sunreef Power Eco uses a great selection of naturally-sourced materials without any compromise on luxury.
