## Description

The new 80 Sunreef Power is a universal multihull yacht for long cruises in ultimate comfort. Taking luxury and seaworthiness to a new dimension, this dynamic and elegant craft enters the Sunreef Yachts range, redefining the authentic power catamaran design. The yacht's dynamic hull and superstructure stretch the living spaces to the extreme, offering infinite options for a bespoke layout and décor. With a bold, contemporary hull styling, the 80 Sunreef Power incorporates classic stainless steel portlights, teak sole decks, high bulwarks and subtle ambience lighting. Her massive garage combined with an aft platform allows the 80 Sunreef Power to take her dinghy, numerous water toys and jet-ski anywhere she goes. Easily accessed from the saloon, the yacht's full-beam bow terrace is a vast, soothing retreat with amazing amounts of space for sunning and lounging. The 80 Sunreef Power's immense flybridge offers enough breadth to house a spa pool, a wet bar and generous seating all around. One of the most spectacular features on board the 80 Sunreef Power is the master suite which can be set up in the bow section of the main deck. With a double bed facing the bow terrace, a bathroom with a walk-in shower, dressing and desk, the suite is bathed in sun from the skylight glazing. The same space can also be used to install a large lounge with ample seating and access to the foredeck. The main saloon opens wide onto the ample aft cockpit to combine the yacht's interior dining space with the outdoor relaxation areas, where more seating is available along with a wet bar. The fully customizable saloon can also accommodate for a large galley, depending on the layout selected and houses an elevated interior navigation station. The immense volumes in the hulls of the 80 Sunreef Power give plenty of room to tailor every unit's layout to the most specific requirements. The crew quarters along with the galley and crew mess can be accessed directly from the aft cockpit for more privacy on board. Multiple layout configurations are available to set up luxurious guest cabins for a supreme level of comfort on board.
