## Description

Power, sports performance and the unmistakable Mochi Craft charm can be found in The Dolphin 44' (13 metres) which packs in a wealth of sophisticated technology and elegance. Its strong personality is underlined by the colour of the hull - offered by the boatyard in Coral Red - and the particularly functional living areas. The generous cockpit is directly connected to the dinette, which can be opened to create a single area encompassing the exterior. It can otherwise be closed off by a sliding partition, allowing the lounge, with the dinette on the port side, to be air conditioned. The choice to position the master cabin in the centre, when it would usually be at the bow in a boat of this size, makes the most of the owner's private area - it is thus protected from bow and wave movement, and comfort on board is increased by the greater quantity of available space. The cabin is bathed in light by a large hull window offering spectacular sea views, and has an en suite bathroom. The guest cabin is located in the bow and offers a three-quarter size double and a single bed. The cabin enjoys light from the porthole in the sundeck above.
