Description

The Dolphin 54' is offered in a warm yellow colour in sun top or flybridge version for those looking for more direct, harmonious contact with nature. Intelligent reorganisation of its layout means the Dolphin 54' (16 metres) offers all the light and comfort of a much larger yacht. Its exterior is characterised by the supple lines typical of the Dolphin, the interior by use of solid teak throughout, including all the furnishings. Natural tones prevail in the lounge, with its sensibly and functionally arranged spaces filled with the aromas of wood and leather. On the port side is a large, extendable teak table, and a C-shaped leather couch. The starboard side, on the other hand, houses the galley, with the kitchenette leading directly to the cockpit. The sleeping area on the lower deck houses a large master cabin in the bow, illuminated by the natural light which streams in through the large windows, as well as two guest cabins - one twin, one with L-shaped beds. The pleasant and practical nature of wood accompanies the owner throughout the boat, starting from the welcoming teak cockpit floor with two comfortable couches at the sides, right up to the bow and its spacious sun pads.
