Description

Accommodation is for eight guests split between four cabins including a full-beam amidships master cabin complete with walk-in wardrobe, along with two twin cabins and a VIP in the bow. Meanwhile, the crew quarters allows for a staff of up to three people.

Key changes from the Pershing 92 include extensive use of carbonfibre and an enlarged cockpit with a huge sunpad, however, the distinctive Pershing superstructure wings have been retained.

Ferretti Group describes the Pershing 9X as a fighter jet and Najati certainly has the power to back up that bold metaphor. Twin MTU 16V2000 M96L engines propel this fast planing yacht to a sporty top speed of 42 knots, while the cruising speed of 38 knots gives a range of 380 nautical miles, drawing on a total fuel capacity of 9,000 litres.
