Description

WALLYPOWER 58

Exhilarating performance and pitch-perfect handling is fused with Wally's taught aesthetic to offer guests a truly sublime experience on the water.

Iconic lines marked out the original wallypower118, and the same purity of design has been passed on to the wallypower58. The large glass-and-carbon dome is instantly recognisable, and there's Wally's usual uncompromising focus on deck space for indoor-outdoor living.

Wrap-around glazing complements the angular sweep of the windscreen and envelops a large cockpit. This offers the room for an elegant polygonal dining table and a deep sofa. Cabinets on both sides can be filled with the owner's choice of fridges, cooktops and storage to create a flexible galley.

A large sunpad dominates the aft deck, with its signature fold-down wings. In a unique twist, Wally has developed a striking electrical awning that swings up out of the deck like the roof of a soft-top car. A convertible passerelle-bathing ladder is hidden in the stern, and the aft platform lowers into the water at the touch of a button to launch / retrieve the tender and water toys.

Wally has put the volume to great use below, with a true double bed in the bow and a large shower room. Options then range from a comfortable double saloon to a guest cabin or a single crew berth, all with a guest shower and day head. Natural light streams in from overhead and Wally's innovative virtual windows, so-called Magic portholes, relay camera images from outside. In this way, the hull lines remain pure and there is less risk when going alongside.

Top speed reaches a heady 38 knots with the optional upgrade to Volvo Penta IPS800 drives. But even at 32 knot cruising speed, the yacht has a 320 nautical mile range.
